

Bring Time-Saving Tools to Your Disney Meeting

Walt Disney World® Resort is taking your attendees' experience to a whole new level by unlocking a new dimension of pre-planning, room accessibility, charging privileges and more. Attendees can make the most of their visit, making it easier than ever to enjoy every moment with colleagues, family and friends.

Experiences Made Easier

- With *My Disney Experience*, it's easier for attendees to effortlessly connect and create their ideal Disney visit online, plan as much or as little of their free time and get the most out of their Theme Park experience.
- Attendees can focus their attention on scheduled meetings and events, knowing they have secured *FastPass+* access to their preferred Disney attractions, shows, and dining reservations in advance.
- There's less pressure to develop programs for your attendees' free time, since it's so easy for them to plan Disney experiences on their own.

Plan Before You Go

- Attendees staying at a Disney Resort hotel get first access to reserve some of their favorite Disney Theme Park attractions through *FastPass+* (up to 60 days in advance), make dining reservations (up to 180 days in advance) and keep track of everything in one easy place.* They can also update their plans while traveling by using the *My Disney Experience* website or mobile app at home and on the go.
- Attendees who have received their *MagicBand* band at home, and who fully complete on-line check-in, may receive a text or email message with their room number allowing them to choose to go directly to their room or stop by the front desk for information and assistance.

Stay Connected

- Attendees can use their *MagicBand* band to access their Disney Resort hotel rooms, enter *Walt Disney World*® Theme Parks, access *FastPass+* attractions and shows*, and make payments at shops and restaurants.
- Customize your group's *MagicBands* by ordering all in one color. Also ask your Disney representative about additional personalization elements.
